

Aligned values make the redistribution gap easier to compare

Income inequality before and after taxes and transfers

ORIGINAL

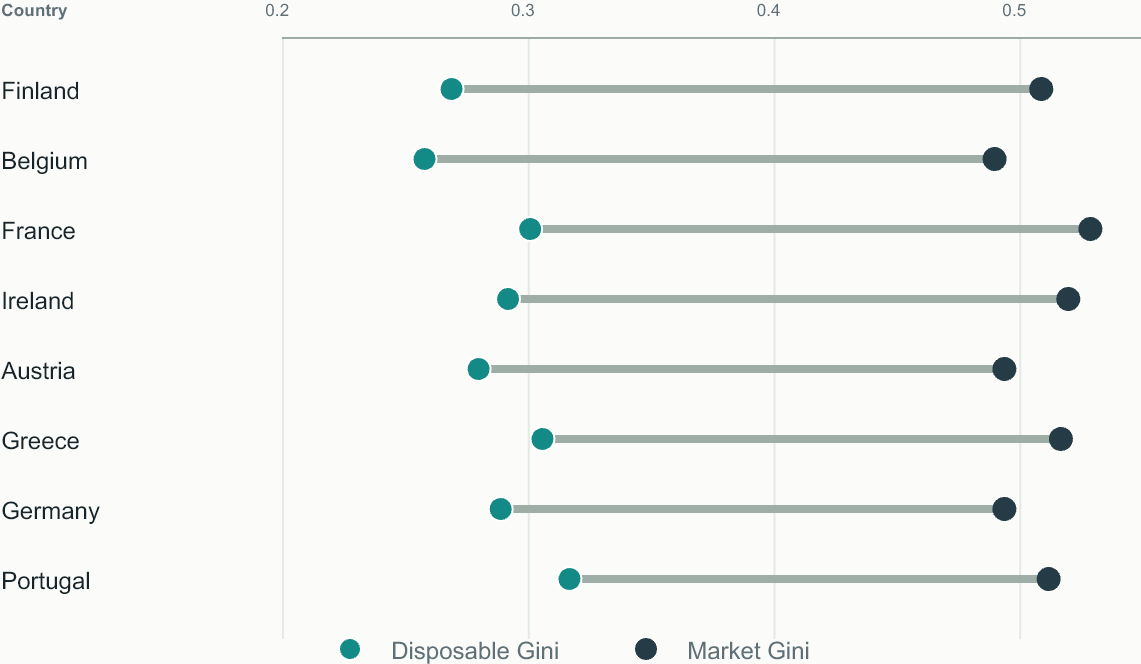

Income inequality in market and disposable income across the world 2020

Unit 5 'Property and power: Mutual gains and conflict' Section 5.12 'Measuring economic inequality' in The CORE Team, The Economy. Available at: <https://tinyco.re/05121660> [Figure 5.16]

Data source: Wang and Caminada and Solt (2016) tinyco.re/05121660 | Powered by ourworldindata.org
Note: Disposable income Gini is displayed on the 'MAP' tab. CC-BY-ND-NC. Where data for 2020 is unavailable, the value from the closest year between 2011 and 2023 is shown instead.

REDESIGN TOP EIGHT ABSOLUTE REDUCTIONS

1 Direct comparison

Connector length shows the Gini reduction on one shared scale.

2 Complete identification

Every country receives a label and can be sorted or filtered.

3 Visible limitation

The interface reports each observation year, which ranges from 2011 to 2020.
